 - b. You will not post chain letters or engage in "spamming". Spamming is sending an annoying or unnecessary message to a large number of people.

7. Plagiarism and Copyright Infringement

- a. You will not plagiarize works that you find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as your own.
- b. You will respect the rights of copyright owners. Copyright infringement occurs when you inappropriately reproduce a work that is protected by a copyright. If a work contains language that specifies appropriate use of that work, you should request permission from the copyright owner. Copyright law can be very confusing. If you have any questions ask a teacher.

8. Inappropriate Material

- a. You will not use the Sheffield-Sheffield Lake Technology Service to access or send material that is profane, vulgar, obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (the literature), or would otherwise be prohibited by this Policy because it contains language which is prohibited by Section C. 4. A special exception may be made for certain material or literature prohibited by this rule if the purpose of your access is to conduct research and both your teacher and your parent have approved.
- b. If you mistakenly access inappropriate information, you should immediately tell your teacher or another district employee (or disclose this access in the manner specified by your school). This will protect you against a claim that you have intentionally violated this policy.
- c. Your parents should instruct you if there is additional material that they think it would be inappropriate for you to access. The district fully expects that you will follow your parent's instructions in this manner.

D. Your Rights

1. Free Speech

Your right to free speech, as set forth in the Sheffield-Sheffield Lake Board of Education disciplinary code, applies also to your communication on the Internet. The Sheffield-Sheffield Lake Technology Service is not a public forum. The Sheffield-Sheffield Lake Technology Service is a limited forum, similar to the school newspaper, and therefore the District may restrict your speech for valid educational reasons and legitimate pedagogical concerns.

2. Search and Seizure

- a. You should expect only limited privacy in the contents of your personal files, including e-mail, on the District's system. The situation is similar to the rights you have in the privacy of your locker.
- b. Routine maintenance and monitoring of the Sheffield-Sheffield Lake Technology Service may lead to discovery that you have violated this policy, the Sheffield-Sheffield Lake Board of Education disciplinary code, or the law.
- c. An individual search will be conducted if there is reasonable suspicion that you have violated this policy, the Sheffield-Sheffield Lake Board of Education disciplinary code, or the law. The investigation will be reasonable and related to the suspected violation.

E. Limitation of Liability

The Sheffield - Sheffield Lake Board of Education makes no guarantee that the functions or the services provided by or through the Sheffield - Sheffield Lake Technology Service system will be error-free or without defect. The Sheffield - Sheffield Lake Board of Education is not responsible for the accuracy or quality of the information obtained through or stored on the system. The Sheffield - Sheffield Lake Board of Education will not be responsible for financial obligations arising through unauthorized use of the system.

F. Personal Responsibility

When you are using the Sheffield-Sheffield Lake Technology Service, it may feel like you can more easily break a rule and not get caught. This is not true because whenever you do something on a network you leave "electronic footprints." Therefore, by reviewing the "electronic footprints" the person who broke the rule can and will be discovered.

Further, the fact that you can do something or think you can do something without being caught does not make it right to do so. Even if you don't get caught, there is always one person who will know whether you have done wrong - and that person is you. Your use of the Internet can be a mirror that will show you what kind of a person you are.
